Plastic Free Campaign

In Collaboration of Deen Dayal Upadhyay Smriti Sansthan and Mansa College of Education jointly organised "Single Use Plastic Campaign Awareness Program". To spread awareness of avoiding single use plastic.

Tribute to Our
Founder

Respected sir, who has completed and nurtured the tree of college and made the roots of this tree so strong today that it is making his dreams come true. The path and work shown by him is being given a high status. Every member of the college family will work with humility towards his respect and will bring glory to the name of the college.

Outcome

This session of Mansa College was full of achievements, there was excitement of festivals and lecture series of academicians were also organised. Along with this, the organization of Punarjagran Seminar taking together the ancient and new education system in the national level seminar has established a new communication in education. But one irreparable loss remained the departure of the director of the college to heaven. But the family, remembering his devotion to duty, vowed to work even more dedicatedly which will make his dreams come true.

Follow Up

The future endeavor of the college will be to bring proficiency in the teaching practice techniques of its trainees and also to prepare them for assessment examinations so that they can make themselves successful in their field of work.
